

**Student Validation: Project Title**

What was your relationship with the entrant relevant to the work being submitted?

Please include a comment about the impact of this student project:

**Anonymity:** Please keep the information above this line anonymous. Do not include your name, your organisation's name, or the names of anyone you worked with. Thank you very much!

---

I hereby verify that the information contained within the entrant's 1 page summary and 5-page report on this project are correct and may be shared with the public.

Any confidential information that should not be shared with the public, has been highlighted and explicitly mentioned within the 5-page report. This will only be viewed by the Service Design Award jury and will not be published. The jury will not communicate this information outside of judging sessions.
